

# DIGITAL FACTORS DF350 SERIES CARD PRINTER (DUPLEX)

The DF350 series card printer provides exceptional enterprise-class desktop card printers — built for outstanding speed, printing quality, modularity, flexibility and reliable performance.

## The Best Value in Enterprise-class Desktop Card Printing

The Digital factors DF350 series card printer efficiently produces great-looking ID cards in less time than any other comparable desktop printer. It's engineered and built to handle the higher volumes and requirements of state and local government, corporate, commercial and educational card issuance. When your application demands speed, performance and reliability in a compact and efficient unit, the DF350 card printer is the ideal choice.

## A card production powerhouse fueled by innovation

**Industry-leading print speeds.** The DF350 series card printer dramatically improves your card issuance throughput with printing speeds that rival the fastest card printers in its class.

**Industry-leading image quality.** Reproduce intricate graphics such as state seals and school emblems with the DF350 series printer's enhanced print modes. Resolutions up to 300 x 1200 dpi — an industry first — mean that fine text, 2D bar codes and complex two-byte character sets print sharp and bleed-free. Exclusive TrueMatch printing technology delivers vibrant colors that more closely match the colors on your screen.

**Reliable operation.** The DF350 series printer withstands the daily demands of enterprise-level card issuance. Industry-exclusive TruePick card handling virtually eliminates jams by accurately picking cards, standard or thin, with no adjustments.

**Best value today and tomorrow.** Rest assured that the DF350 series printer investment you make now will continue to pay off in the future. Modular design lets you field upgrade your DF350 series printers with different encoders, an inline lamination module option and features as your card issuance needs change.

## DIGITAL FACTORS DF350 SERIES CARD PRINTER

### Engineered for enterprise-class ID card issuance

With its industry-leading speed, print quality and reliable performance, the Digital Factors DF350 series card printer is the new workhorse for enterprise-class card issuance. And, as these specs show, the DF350 series card printer is engineered to fit your most demanding applications. You've read about it, now see a demo. Ask your Digital Factors Enterprise Solutions Provider about the DF350 series card printer.

#### DF350 Printer Standard Features and Specifications

|                     |   |
|---------------------|---|
| Print technology    | Direct-to-card dye-sublimation/resin thermal transfer   |
| Print capabilities  | Full-color and UV, or monochrome printing capability in the same printer<br>Alphanumeric text, logos and digitized signatures; 1D/2D bar code images<br>Printer pooling/sharing   |
| Print resolution    | Standard mode: 300 x 300 dots per inch; standard text, bar code and graphics printing<br>High-quality mode: 300 x 600 dots per inch; enhanced text, bar code and graphics printing<br>300 x 1200 dots per inch; enhanced text and bar code printing<br>256 shades per color panel |
| Print speed         | Full-color printing: Up to 220 cards per hour printing cards on one side (YMCKT*)<br>Up to 165 cards per hour printing cards on two sides (YMCKT-K*)<br>Monochrome printing: Up to 1,000 cards per hour printing cards on one side (Black HQ*)                                    |
| Card capacity       | Automatic feed: 100-card input for 0.030 in. (0.76 mm) cards; 25-card output standard<br>Front exception card slot<br>Separate reject location and holding tray (10-card capacity)<br>Input hopper empty detection  |
| Physical dimensions | Two-sided printing: L 21.2 in. x W 8.8 in. x H 8.8 in. (53.8 cm x 22.4 cm x 22.4 cm)  |
| Weight              | Two-sided printing: 12.0 lbs (5.4 kg) (depending on options)  |
| Connectivity        | Bidirectional USB 2.0 high speed; Ethernet 10 Base-T/100-Base-TX (with activity light)  |
| Warranties          | 12-month standard depot warranty; 12-month printhead warranty (no pass restrictions)  |

#### DF350 Printer Options

|  |   |
|--|---|
| Magnetic stripe encoding                       | Field upgradeable<br>ISO 7811 three-track option (high- and low-coercivity)<br>JIS Type II single-track option<br>Support for standard and custom data formats  |
| Hopper   | 200-card input hopper   |
| Laminator                                      | Single- or dual-sided lamination  |
| Print, lamination and tactile impression speed | Up to 210 cards per hour front side YMCK ribbon with front side lamination<br>Up to 185 cards per hour front side YMCK-K ribbon, back side K with front side lamination<br>Up to 200 cards per hour (one side print and lamination with Tactile) YMCK<br>Up to 200 cards per hour (two sided printer and lamination with Tactile) YMCK-K  |
| Smart card personalization                     | Factory options:<br>Single-wire contact/contactless all-in-one encoder (read/write) for MIFARE, ISO7816, ISO14443 A/B, ISO FeliCa, DESFire<br>DUALi Single Wire Contact/Contactless Encoder, ISO 7816, ISO 14443, Mifare, Desfire & Felica<br>Two-wire contact/contactless all-in-one encoder (read/write) for MIFARE/DESFire, ISO7816, ISO14443, A/B<br>Field upgradeable options:<br>Single-wire contact/contactless all-in-one encoder (read/write) for MIFARE, ISO7816, ISO14443 A/B, ISO FeliCa, DESFire<br>Two-wire contact/contactless all-in-one encoder (read/write) for MIFARE/DESFire, ISO7816, ISO14443, A/B<br>iCLASS™ by HID, read/write encoder or read-only<br>PC Prox by HID, read-only<br>Third-party OEM smart card option-ready (for contactless readers only – encoder not included)<br>DUALi Single Wire Contact/Contactless Encoder, ISO 7816, ISO 14443, Mifare, Desfire & Felica |
| OpenCard                                       | Factory option only; Supports one- and two-sided printing; Full-color and monochrome printing<br>Front exception card slot supported; Supports legacy OpenCard formats; Ethernet or USB   |
| End-user upgradeable options                   | Extended 100-card output hopper (available for single-hopper); Extended 200-card input hopper and DF350series printer with inline lamination module (available for single-hopper); KL-style security lock for printer   |

\*Ribbon type and number of panels: Y=Yellow, M=Magenta, C=Cyan, K=Black, T=Inline Topcoat; HQ=High Quality

Discover how the DF350 series printer fits your card issuance needs

Is the DF350 series card printer the right choice for your applications? Find out by talking to your Digital Factors Enterprise Solutions Provider. They'll help you assess your requirements. Then, they'll show you how the DF350 series printer works as part of a total card issuance solution that includes software, capture devices and Digital Factors Certified Supplies.
